

EaglePlug® TearFlow™

**Up to a
150% larger lumen
than our regular
Flow Controller***

Eagle Vision's patented flow controller design is now available with a larger lumen. The larger lumen is designed to allow additional flow in cases where total punctal occlusion is not desired.

CE Marked

- Designed for increased tear flow when compared to our original Tapered-Shaft™ Flow Controller
- Patented low profile rim for comfort
- Patented Eagle Vision tapered shaft for retention
- Sizes with larger lumen for modulated tear flow
- Easily reversible
